

LSL RANGE

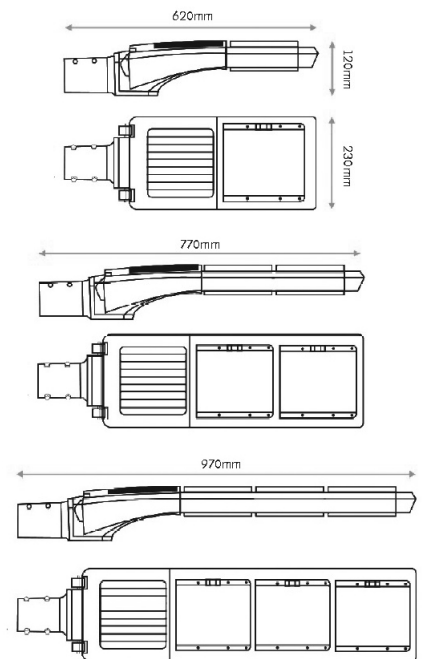

IP65 LED STREET LIGHT

FEATURES

- Light Weight Slim line Design
- IP65 rated
- Efficacy > 100 lm/W
- Suitable for 60mm diameter spigot
- 50,000 hour life
- Mounting from the back or from below

DIMENSIONS

The LSL is an LED street light available in 3 sizes / outputs that comes IP65 rated as standard. The light-weight, extruded aluminium housing is powder coated for longevity making this fitting suitable for any exterior projects such as public areas, roads, residential streets and other similar applications. It comes as standard with a mount for fixing to a 60mm diameter pole. This can be rotated to allow for mounting from the back or from below for added flexibility.

The fitting is supplied with 4,000k (cool white) colour temperature LED diodes and a fixed output driver as standard.

LUMINAIRE CAT NO	NOMINAL SIZE MM	LUMEN OUTPUT	POWER WATTS	WEIGHT KGS	DIM OPT
